"We will get
New Asian Organization
Started!"

Creation of
Digital Content Industry for
Asian Initiative Plan.2008

## <Concept for Business Content Community>

Digital content industry is expected to develop remarkably in the near future and the situation is that Asian countries need to work togerther cooperatively to achieve mutual objective.

I propose to newly begin international cooperation aiming at international cooperating research and production of cutting edge of technology such as utilization of intellectual property on website being proportional to development of communication infrastructure.

Creation of Digital Content Industry for Asian Initiative Plan.

Example: "Expression science" + "Service content" new area

System Science of society, economy and organization in the area of service science which researches and promotes utilizing a system of generating and distributing pluralistic value and consuming process by newly establishing Asian initiative Organization international cooperating community

Worldwide cooperation
Collaboration project
Visiting researcher

Industrial arena

Internet communication
Simulation and Interactive Technology

TV, Movie, Medical, Game(3DCG, Animation), Robot, Mobile, Space, Urban, Cyclone, GPS, Deep Ocean

Person, Object-Money

Project

Creation of Digital Content Industry for Asian Initiative Community

Contribution & Investment

Support of Research

Universities in Asian Countries

· Research of advanced technology of expression science.
· Research of distribution of right of internet

Example : It has been long since fusion of communication and broadcasting was called for. However, years later media science especcially such as TV image would be cutting-edge area of expression science which Japan could lead world

<Consolidating cooperation of institute and so on>
Example: The Virtual reality Society of Japan, Contents-gakki org, The Institute of Electronics, Information and Communication Engineers, Human Interface Society, The Institute of image Information and Television Engineers (former The Institute of Television)

Call for institutes to participate
